# PROBLEM STATEMENT

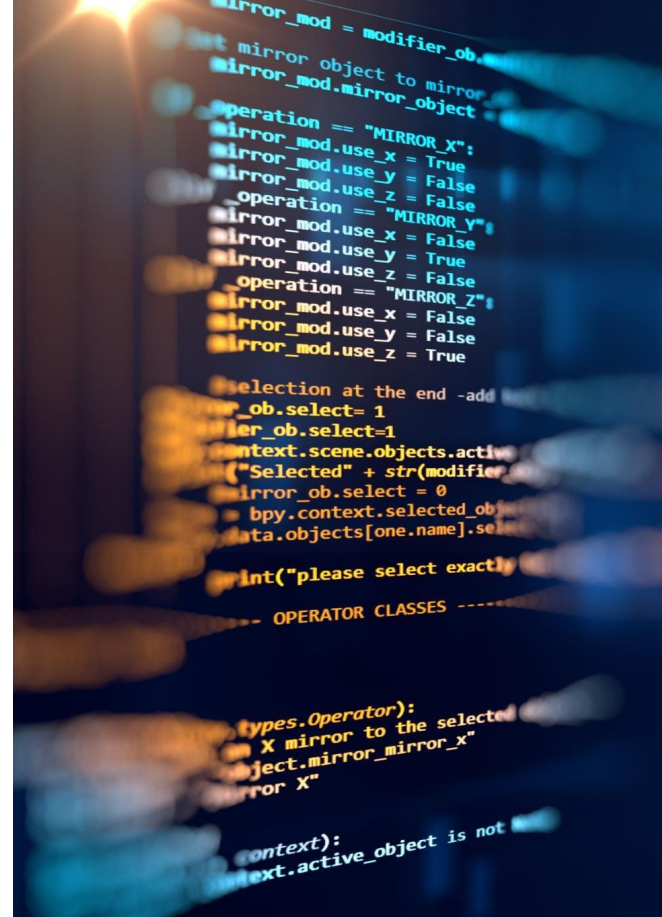

- People Face challenges in showcasing their Skills, achievements, and projects effectively. A digital portfolio provides a clear, interactive, and easily accessible solution.

---

# PROJECT OVERVIEW

- The project is about creating a digital portfolio using html,css,javascript. It personal details,skills,certificate,and contact. The design is simple ,attractive, and user-friendly. It helps to highlight achievement in a professional way. The portfolio is easy to access and update online

# END USERS

\*Students-To showcase their skills,certificate, and academic projects .

\*Job seekers-To present resume achievement, and professional clients .

\*Freelancers-To highlight work samples and attract potential client.

\*Educator/Mentors-To review student progress and projects.

\*General Audience –Anyone exploring your skills,profile,or creative work.

# TOOLS AND TECHNOQUE

\*HTML-For structuring the content of the portfolio .

\*CSS-For styling,layout,and visual design.

\*JAVASCRIPT-For interactivity and dynamic features

\*RESPONSIVE DESIGN -Ensuring the portfolio works on all devices

\*VERSION CONTROL (github)-For project management and deployment.

---

# PORTFOLIO DESIGN AND LAYOUT

- \*Clean and Modern layout-Focus on simplicity and professionalism.
- \*Responsive Design-words smoothly across all screen sizes.
- \*Consistent Colour Theme-Create a visually balanced appearance.
- \*Interactive Element-Engages users with smooth transitions
- \*Well-organized content- Ensures clarity and easy readability.

# PORTFOLIO DESIGN AND LAYOUT

\*Personal Information Display-Showcase basic details and background.

\*Project Showcase -Highlight completed work with descriptions.

\*Interactive Design -Smooth navigation and engaging user experience.

\*Responsive Interface-Accessible on mobile,tablet, and deesktop.

\*Contact option -Easy way for visitors to connect with the user.

## RESULT AND SCREEN SHOT

\*A responsive and user –friendly digital portfolio was created.

\*Showcase Personal details, project, and achievement effectively.

\*Screenshots display the design and functionality of the portfolio .

---

---

# CONCLUSION

- The digital portfolio highlights skills, projects, and achievement effectively. It is simple, responsive, and user-friendly. It supports academic, professional, and career growth.
